Web Resources

- At the **American Cancer Society site** - sections for cervical, endometrial, vaginal, vulvar and uterine cancers.

The purpose of this information guide is to direct patients and health care professionals to sources of information on cancer and related topics, it does not constitute an endorsement of the information contained in the resources. This list is not meant to be comprehensive, but rather to provide starting points for Information seeking.

All listed materials can be found at the Patient Education Resource Center of the University of Michigan Comprehensive Cancer Center in room B1-361. An online version of this document can be found at:
http://www.cancer.med.umich.edu/support/information_guides.shtml

- Go to the American Cancer Society site at: <http://www.cancer.org>
- Click on: "Choose a cancer topic"
- Select a cancer type from the list and click "Go"

- **EyesOnThePrize.org** <http://www.eyesontheprize.org>
A virtual community of gynecologic cancer survivors includes a database of questions answered by gynecologic oncologists, a comprehensive list of relevant links and survivors' stories.
- **National Cervical Cancer Coalition** <http://www.nccc-online.org>
This site has information relevant to women with, or at risk for, cervical cancer and HPV disease, and contains many articles written health professionals about screening for, treatment for and living with cervical cancer.
- **Women's Cancer Network** <http://www.wcn.org>
Sponsored by the Gynecologic Cancer Foundation, this site provides news and information on gynecologic cancers.

Prevention, Screening and Early Detection Information

- Michigan Breast and Cervical Cancer Control Program
<http://www.michigancancer.org/bcccp/>
- **National Cancer Institute**
 - Go to <http://www.cancer.gov>
 - Under "Cancer Topics" select "Prevention, Genetics, Causes"
 - Select the type of cancer

This document is not intended to take the place of the care and attention of your personal physician or other professional medical services. Our aim is to promote active participation in your care and treatment by providing information and education. Questions about individual health concerns or specific treatment options should be discussed with your physician.
