Quitting

- Health effects
- Benefits
- Why is it so hard?
- Process
- Resources

Health Effects

All forms of tobacco are dangerous to smokers & nonsmokers alike

Chemicals in Tobacco Smoke

- Nicotine
- Carbon monoxide
- Tar
- Hydrogen cyanide
- Arsenic
- Methane

Chemicals in Smokeless Tobacco

- Formaldehyde
- Lead
- Cadmium
- Hydrocarbons

Benefits of Quitting

Your health, your wallet, your children, your friends...

Time Period	Health Benefits
20 minutes	Blood pressure drops, pulse rate drops to normal
8 hours	Carbon monoxide levels in the blood return to normal, oxygen level increases
24 hours	Chance of heart attack decreases
48 hours	Food smells and tastes better, nerve endings begin to regrow
72 hours	Breathing gets easier as bronchial tubes relax, lung capacity increases
3 weeks	Mucus in the lungs loosens, lung function and circulation improves
2 months	Blood flows more easily to arms and legs, lung function increases up to 30%
3 months	Lungs become more healthy, breathe more easily, get fewer colds
1 year	Risk of sudden death from heart attack is almost cut in half
5 years	Lung cancer death rate for the average smoker decreases nearly 50%
10 years	Risk of heart attack and stroke becomes almost the same as a nonsmoker, risk of cancer drops significantly

\$\$\$

___ packs/day x 7 = ___ (packs/week)
 ___ packs/week x \$ ___ (cost/pack) = \$ ___ (cost /week)
 ___ cost/week x 52 = \$ ___ (cost /year)

Example:

2 packs/day x 7 = 14 packs/week
 14 packs/week x \$4 = \$56/week
 \$56 /week x 52 = \$2912

Why is it so hard to quit??

3 Battles

- Habit
- Physical addiction
- Psychological addiction

The Process of Quitting

- Motivation & Commitment
- Personal assessment
- Plan for success
- Slip control
- Personal rewards

Motivation and Commitment

- How badly do you want it?
 1. Don't care
 - ↓
 10. Want very badly
- How willing are you to do whatever it takes?
 1. Not willing
 - ↓
 10. Very willing

Personal Assessment

- Why do you use tobacco?
 - Who?
 - What?
 - Where?
 - When?
 - Why?
 - Do you really need the chew or cigarette?

Personal Assessment

- Why do you want to quit?
 - Short term & long term

Plan for Success

- Form new behaviors
 - Safe
 - Affordable
 - Legal
 - Healthy
- Ask for support
- Choose a method

Approaches to Quitting

- Cold Turkey
- Tapering
- Place Postponement
- Time Postponement
- Combination
- For each approach:
 - Method
 - Benefits
 - Drawbacks

Slip Control

- Eliminate temptation
- Decide if you're ready to quit again
- Have a plan to deal with stress
- Relapsing is normal
- Use it as a stepping stone to success

Rewards for Success

- Spend the money saved on something special
- Brag to friends, family and co-workers
- Focus on how much better you feel without using tobacco.
